

Tips...

- If you must wear eyeglasses, please have the lenses removed. Doing this saves on artwork which costs you money.
- Be sure that your hair is in a style which is familiar and comfortable to you. Your senior portrait session is not the time for experimenting with the unfamiliar.
- Be conservative with makeup. Heavy makeup will look like heavy makeup in your photos. Powder can help cut down on facial shine.
- Don't put off your photos on the chance that your braces will be removed in time. We can remove your braces digitally. There is a fee.

- Long sleeves look best in photographs, bringing the viewer's eye to your face. Short sleeves distract.
- Keep your appointment. If you don't, your favorite time may not be available — and remember, you have paid a deposit. Don't worry about new blemishes. We will take care of them in the finished portraits.
- Guys, shave before coming.

Easy as A. B. C.

A. As formal as it gets. Low-key

- Solid colors, dark and medium tones.
- Long sleeves. No shorts.
- Avoid patterns and hot, bright colors.
- Dark is slimming. Dark clothing gets dark background.

B. Casual. High key

- Solid colors
- Pastels, light colors
- Long sleeves are highly desirable.

C. Go nuts

- Break all the rules for this category, but only if you've followed them in at least one other.

Class of 2007

Retouching and Finishes

All of our Senior Portrait Packages include:

• **Negative retouching**—Touchups as some might call them. Our philosophy is that blemishes are temporary, and we refuse to make them part of the permanent record. ***Every*** Senior Portrait package is retouched and included in the price.

• **Custom Cropping** — We will work with you to make every portrait we create cropped to custom specifications. This custom cropping is available with every package and included in the price.

• **Heirloom Finish** — All of our Senior Portrait packages are printed on the same fine quality, archival color paper as our Heirloom Custom Portraits. Our research has shown this color paper to last four times longer than its closest rival. The Class of 2207 could be enjoying your portraits.

• **Instant Previewing** — We are 100% state-of-the-art digital, so your portrait session will be integrated with a previewing session, where you pick your favorites from each indoor and outdoor sessions.

Studio Sitting fee

Basic \$49. Added to all packages. Enough poses to make basic requirements.

100% Preview Guarantee

If you do not absolutely love your studio previews, we will shoot again or cheerfully refund your money! Period.

Your Portrait Appointment is on:

Day: _____ Date: _____

Time: _____

16x20 \$ 219.00

11x14 \$ 139.00

unit \$ 59.95

Portraits ordered after the package is printed are priced as Custom Portraits.

OUTDOOR PORTRAITS

Photographic Images, in addition to our acclaimed studio portraits, has an abundance of outdoor locations to make your senior portraits more memorable than the “volume” photographer. We choose locations because of the beautiful light, making yours a classic portrait which will become a treasured family heirloom.

Although outdoor sessions are priced at \$99, we have many offers available to make your session FREE! Just ask.
